Graduation is an exciting time for both the students and staff: Dr. N Vedachalam

Vivekananda College of Engineering and Technology, Puttur, organized the first graduation day celebrations on 7th February, 2015, for 2014 passed out graduates. Dr. N Vedachalam, Former Director, ISRO inertial system unit (IISC), Trivandrum, inaugurated the function. The function was presided by Sri. Balarama Acharya G, President, VCET. Sri. P. Radhakrishna Bhaktha, Correspondent, VCET, also made his presence on the occasion. Dr. Linganaouda Kulkarni, Principal, VCET, welcomed the gathering.

Dr. Venkatachalam in his Graduation Day message congratulated the graduating class. "Graduation Day is a day to take stock of your dreams and dreams of your parents. It is a time to set new objectives," he said. He described the graduating class as the global face of the college. He asked them to be integrated, empowered and committed to excellence. "You are entering a challenging world fuelled by digital revolution. He also emphasised on adaptability and change. Graduation Day is not an end of your study, learning is continuous and your mindset to learn will transform you. It is another step forward for success and more towards the goal. He urged the students to "focus on greater heights and to serve the society". He appreciated the students on their achievements in academic and co-curricular areas and concluded his speech by informing the students that knowledge should be coupled with character.

State Level Swimming Competition was held on 31st of January and 1st of February 2015 in Mangala Pool, Mangalore. Anjana Rai of 2nd yr CS won One Gold in 50 mts Backstroke and Two Silver in 50 mts and 100 mts Freestyle.

Traditional Day Celebration

Traditional day was organised on 19th of February 2015. The arrangement was elaborate and every student was attired in the ethnic wears. Girls had opted for the Indian Traditional attire Saree and others had come in Salwars and boys opted for the Traditional Dhoti with Petas, Sherwani and others went for formals. The main message of the celebration was to respect the traditions and recognise the culture of the others.

The day was a great success with true meaning giving out to out to traditional day.

Technical Talk

A talk on “Technical Concepts to face Company Interview” was held in EC Seminar Hall on 24th of January 2015. Alumni’s of our college Mr. Prashanth Anil Mascarenhas and Mr. Yashaswi Narayana addressed the gathering of 80 including staff and students of EC.

There is a lot of literature on public speaking, but most of it is general public speaking advice and is not geared towards presenting technical topics. Although researchers need to master general presentation skills as well. These skills are useful for academics, who often have to present their research to people outside of their immediate area.

EZTRON-15

State Level Circuit Rig-Up competition “EZTRON-15” was held in PACE, Mangalore on 25th of February 2015. Mr. Veekshith Rai and Mr. Harshith of 8th final year ECE have bagged the 3rd place.

Glimpses of Graduation Day

Much field and spade work went into the preparation for the day. The function was held in an incredible manner in Keshava Sankalpa Hall with a good backdrop, accompanied by colourful decoration. On the occasion, souvenirs and course-completion certificates were given to outgoing students so as to make it a memorable event. Vote of thanks was proposed by Convener of the event, Mr. Nischaykumar Hegde. A total of 140 graduates participated in this event. The event was a grand success.

Graduation is only a concept. In real life every day you graduate. Graduation is a process that goes on until the last day of your life. If you can grasp that, you'll make a difference.

-Arie Pencovici

Pleasing performance by VCETians at ANVESHANA -2015

Agasthya international foundation in partnership with synopsis India, organized Anveshana 2015, project exhibition fair at Shikshakara Sadana, Bengaluru from 25th to 26th February 2015. Agasthya is committed to spark creativity in education today so that students can be more enterprising and creative in the future lives. Students everywhere need to be prepared to think and reason. They need to be able to analyse problems, envision solutions, and collaborate with others. They must know how to harness technology to help them solve complex problems. And they must be introduced early on to key subject areas such as mathematics and science. Education is the essential ingredient that will prepare them for a changing future. New technologies will continue to transform the world in ways we cannot yet imagine. To survive and thrive in this knowledge-based economy, tomorrow's citizens must be equipped with necessary problem solving skills & tools. **Anveshana** is one such platform where engineering students could collaborate with high school students to create innovative models to address real life problems.

A VCET team of Mr. Viyon Robin Veigues, Mr. Sandesh B, Mr. Gautham Acharya, Mr. Shreenidhi C H of final year Mechanical Engg. along with 9th standard students Chinthan A P, Ashiq from Govt. Junior college guided by Prof. Deepak K B, Department of Mechanical Engg. won 2nd place in the event. The reward consisted of certificate of appreciation and cash prize of Rs. 25,000.
